

300 hIPA Clean Solvent

An IPA Spray That Gets surfaces hIPA clean !

Product Data Sheet

Issued: January 2002

Product Description

hIPA Clean 300 is an IPA spray that cleans surfaces prior to the application of a 3M Tape or Adhesive. Packaged in an aerosol, the product is easy to apply, and quickly and effectively cleans grease, oil, and dirt from many types of substrates. Being IPA based, the product is user friendly, and dries quickly leaving no residue.

Outstanding features

- Is easy and safe to use
- General purpose surface preparation
- For use most surfaces including all types of plastic
- Leaves no residue
- Dries quickly
- Extension tube - to reach hard to get at surfaces and give accurate control

Physical Properties

Not for specification purposes

Solvent	Isopropyl alcohol
Colour	Clear
Consistency	Thin liquid
Density	0.6
Flash Point	<0°C

Directions For Use

1. Hold can upright 150mm to 200mm from the surface and spray a wet even coating of solvent over the surface to be cleaned.
2. Wipe off using a clean cloth or tissue while still wet.
3. Do not reuse the same part of the wiping article as this may re-contaminate the cleaned area.
4. For thorough cleaning, redo the surface three times to remove all residue.
