

NEW!

Scotch-Brite™

Hookit™ Random Orbital Discs

Think Fast

Prepare metal for paint faster
and more consistently – with
the comfort and control of
Scotch-Brite™ abrasives!

3M

Built to out-last, out-perform conventional coated abrasive paper & cloth discs

- Faster cut rate
- Extremely long life
- More consistent results
- Requires less pressure to cut
- Less loading and glazing

New Scotch-Brite™ Hookit™ Random Orbital Discs are engineered to give you a faster-cutting, longer lasting and more consistent alternative to paper and cloth-back coated abrasives on applications like prepping bare metal for painting.

These innovative discs are constructed especially for random orbital/dual action sanders, using a non-woven nylon web embedded with premium ceramic grain. The result is a longer-lasting disc that offers a quicker initial cut than most coated abrasives.

A faster, more efficient way to prepare bare metal surfaces

Grade/Finish Equivalent Using Random Orbital Sanders

Paper Discs		Scotch-Brite™ Discs	
Grit	Ra $\mu\text{-m}$	Grade	Ra $\mu\text{-m}$
80	1.27 – 1.52	Coarse	1.52 – 1.77
100	1.01 – 1.27	Medium	1.01 – 1.27
120	0.76 – 1.01	Fine	0.76 – 1.01

TIP: Scotch-Brite™ Hookit™ Random Orbital Discs leave a finish which visually appears more aggressive than a conventional coated disc. This table shows that the depth of scratch however is consistent with those achieved from conventional discs.

Recommended Starting Point for Paint Prep

Lasts Longer

On average, operators will use less discs when compared to conventional abrasives.

- 9 Paper discs used for each Scotch-Brite Disc
- 4.5 Film discs used for each Scotch-Brite Disc

Scotch-Brite™ Hookit™ Random Orbital Discs

Item ID	Size	Grade	Color	Discs per Carton
61500298353	150mm x NH	Coarse	Brown	100
61500298023	150mm x NH	Medium	Maroon	100
61500298015	150mm x NH	Fine	Green	100

Optimise your process with the new 3M™ Elite Series Random Orbital Sanders

The ideal workmate for Scotch-Brite™ Hookit™ Random Orbital Discs. Built to provide years of dependable performance and operator comfort, these professional-grade, air-powered sanders will help you get optimal results.

3M™ Elite Random Orbital Sanders

Premier comfort combined with long-lasting performance

When you need a finishing tool you might not think about the innovative equipment technology required to help you do the job more efficiently. But luckily, 3M did. That's why we have engineered a better line of air-powered finishing tools; tools that are designed to work hand-in-hand with the 3M™ Abrasives and Accessories you've always trusted, with the built-in features and performance you'd expect from 3M:

- Less Vibration for More Comfort
- Increased Durability for Decreased Downtime
- New 3M™ Power Tools Give You More Options

3M's light weight random orbital sanders are available in non-vacuum, central vacuum and self generating vacuum models.
