3M™ Industrial Cylinder Pressurised Spray Adhesives & Accessories

3M cylinders optimised spray patterns cut waste and maximise adhesive coverage. Portable and require minimal equipment investment and maintenance.

3M Industrial Cylinder Pressurised Spray Adhesives

3M 74 NF Cylinder Spray Adhesive (Non-Flammable Foam Fast)

- Non-flammable in wet state, extremely fast tacking industrial grade spray adhesive for bonding foam and fabric. Used for bonding flexible urethane or latex foam together and to other materials such as wood, metal and plastics.

3M Hi-Strength Non-Flammable Adhesive 98 NF

- High performance, high temperature resistant industrial grade spray adhesive prepackaged in portable pressurised cylinders. Features a fast tacking adhesive for high pressure laminations, particularly decorative laminate to particle board. Used for veneers, fibreglass, headliners, foams, fabrics, glass, mirrors, cork, tile, rubber and steel. Uses standard applicator (62988099305).

3M Super 77 Multipurpose Spray Adhesive

- High coverage, fast drying, mist pattern spray adhesive, packaged in a portable pressurised cylinder. Ideal for lightweight paper, cardboard and fabric. Suitable as dry lay-up adhesive in fibreglass infusion process. Uses standard applicator (62988099305).

3M Industrial Cylinder Pressurised Adhesive Cleaner & Accessories

3M Adhesive Remover, Mini Cylinder

- Scotch-Weld™ Adhesive Remover Mini Cylinder is a citrus based cleaner that is ideal for the removal of adhesive residue for surface preparation prior to use of adhesive. It is also used for cleaning and purging cylinder hoses and applicators. Also for cleaning heavy oils, greases, silicone and tar. Uses standard applicator (62988099305).

3M Cylinder Adhesive Applicator - Standard Output

- Scotch-Weld Cylinder Adhesive Applicator includes Cylinder Adhesive 9501 Spray Tip. (95° max spray width).

3M Cylinder Adhesive Hose

- Hose attachments for use with all applicators.

Safety First!

Do you have the right safety PPE for your employees? When involved with industrial abrasives or aerosol spray adhesives and cleaners, safety glasses or goggles, as well as a respirator may be the workplace safety PPE you need.
