# 3M Industrial Masking Tapes

Masking made simple.

## 3M™ Industrial Masking Tapes

### 3M™ Value Masking Tape 101+

The basic tape for basic jobs:

- Indoor use.
- Light duty applications.
- Ideal for marking, temporary holding, wrapping and sealing.

### 3M™ General Use Masking Tape 201+

The touch tape for everyday jobs:

- General indoor use. Light to medium duty.
- Smooth and conformable.
- Sticks with confidence to a wide variety of surfaces.
- Easy to handle, apply and remove in one piece.
- Ideal for bundling, labelling and identifying.

### 3M™ Performance Yellow Masking Tape 301+

The dependable choice for industrial performance:

- Good conformability to irregular surfaces.
- Resists paint bleed-through. Great paint lines.
- Yellow backing ensures good visibility.
- Ideal for industrial paint masking, bundling, holding, marking, colour coding and sealing.
- Withstands surface temperatures up to 107°C (225°F) for 30 minutes.

### 3M™ High Performance Green Masking Tape 401+ / 233+

The industrial strength GREEN coloured performance:

- Highly conformable to many surfaces with superior adhesion to metal, rubber, glass and plastic.
- Removes cleanly in one piece with no residue. Resists paint bleed-through. Creates super-sharp paint lines.
- Green backing improves visibility and accuracy during paint masking.
- Ideal for high performance industrial painting, including two-tone colour application on trucks, buses, trailers, trains, fire trucks, ambulances and airplanes.
- Withstands surface temperatures up to 121°C (250°F) for 30 minutes.

### 3M™ Specialty High Temperature Masking Tape 501+

The highest degree of industrial performance:

- Highly conformable to many surfaces with superior adhesion to metal, rubber, glass and plastic.
- Removes cleanly in one piece with no residue. Resists paint bleed-through. Creates super-sharp paint lines.
- Green backing improves visibility and accuracy during paint masking.
- Ideal for high performance industrial painting, including two-tone colour application on trucks, buses, trailers, trains, fire trucks, ambulances and airplanes. Withstands surface temperatures up to 121°C (250°F) for 30 minutes.

### 3M™ 14-Day Industrial Multi-Surface Masking Tape UV14

- Clean removal and colour fastness even when exposed to sunlight for 14 days.
- No noticeable paint bleed when tape is removed after short term painting.
- Unwinds easily and tears freely by hand.
- Blue colour is easy to spot.
- Use for non-critical masking applications on a wide variety of materials and substrates.

## Safety First!

Do you have the right safety PPE for your employees? When involved with industrial abrasives or aerosol spray adhesives and cleaners, safety glasses or goggles, as well as a respirator may be the workplace safety PPE you need.
