# 3M™ VHB + RP Adhesive Tapes

Unlimited Design and  
Application Possibilities.

Product	Thickness	Colour	Sample	Features/Applications	
RP16	0.4mm	Grey		<p>3M VHB + RP Series Acrylic Foam Tapes are ideal for General Industrial, Interior Fitout and Signage applications. They feature a paper liner for die cutting solutions.</p> <p>RP Tapes are double sided pressure sensitive adhesive tapes for bonding a variety of substrates including many metal, glass, composites, many plastic and painted materials.</p> <p>All acrylic construction gives the 3M VHB RP Tape range extraordinary strength, conformability and versatility indoors and outdoors.</p> <p>Temperature Resistance:</p> <p>Short Term (minutes, hours): 121°C</p> <p>Long Term (days, weeks): 93°C</p>	
RP25	0.6mm	Grey			
RP32	0.8mm	Grey			
RP45	1.1mm	Grey			
RP62	1.55mm	Grey			
5952	1.1mm	Black		VHB 5952 the permanent assembly tape combines the most conformable acrylic foam with modified acrylic adhesive. The result is a tape that adheres to the broadest range of substrates.	<p>3M VHB Acrylic Foam Tape is a double-coated pressure sensitive adhesive tape for bonding a wide range of materials, including many low surface energy plastics and paints in addition to metals and other plastics.</p> <p>The foam is conformable to increase contact with the surfaces.</p>
4941	1.1mm	Grey		All acrylic adhesive and conformable acrylic foam have made the VHB 4941 a proven performer in harsh environments.	

### Converting

Converting to die cutting can add value to any product by increasing design flexibility and freeing designers from many constraints, resulting in higher quality finished products.

### Safety First!

Do you have the right safety PPE for your employees? When involved with industrial abrasives or aerosol spray adhesives and cleaners, safety glasses or goggles, as well as a respirator may be the workplace safety you need.
