Husky Glazing Tape

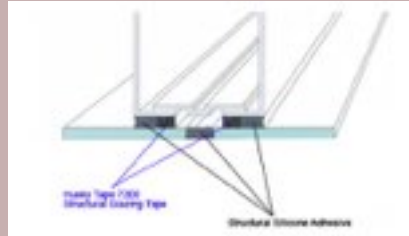

For residential, commercial
and high-curtain wall structural
glazing installations.

Husky Tape Converting offer both double and single-sided PVC foam glazing tapes for residential, commercial and high-curtain wall structural glazing installations. Husky are also able to die-cut their single-sided PVC foams into popular window-sill and transom gaskets for window assembly.

7200 Double Sided PVC Glazing Tape - Hard density structural glazing double-sided tape

- An open cell structure permits optimum silicone curing.
- High density PVC open cell foam with acrylic adhesive.
- Approved for use with Dow, Sika, GE and Tremco silicones.
- Ideal for structural silicone glazing applications.
- Excellent resistance to weather, fungi and oxidation.
- Inhibits condensation on windows, doors and metal systems.
- Available in black and grey.
- Log width is 1250mm.

7200 Series is available in a variety of thickness: 7203 - 3mm | 7205 - 5mm | 7206 - 6mm | 7209 - 9mm

7300 Double Sided PVC Glazing Tape - Medium density glazing spacing tape.

- A closed cell product used in commercial and domestic glazing applications as a spacer tape.
- Medium density PVC foam with acrylic adhesive.
- Excellent resistance to weather, fungi and oxidation.
- Suitable for vertical and horizontal glazing.
- Waterproof seal is achieved at just 20% compression.
- Available in black.
- Log width is 1400mm.

7300 Series is available in a variety of thickness: 7301 - 1.5mm | 7303 - 3mm | 7305 - 5mm

800 Series Soft PVC Foam Tape - Soft density single-sided PVC.

- Easy to compress light density PVC foam tape.
- Ideal for sealing around windows and doors.
- Suitable for sealing cabinets and enclosures. Can help reduce heating and cooling costs.
- Stops rattles and squeaks, cushions and absorbs shock. Seals out dust and moisture. Resistant to most solvents.
- Ideal for die-cutting and gasketing.
- Available in black and grey.
- Log width is 1420mm.

Converting to Die-Cut

- Custom design for every profile.
- Supplied in roll or cut sheet form.
- Easy to use, fast to apply, no waste.
- Left and right hand gaskets.
- Available in different thicknesses.
- Single or double-sided adhesive.

Safety First!

Do you have the right safety PPE for your employees? When involved with industrial abrasives or aerosol spray adhesives and cleaners, safety glasses or goggles, as well as a respirator may be the workplace safety PPE you need.
